Michael met Rebecca in Summer of 2010 at New Jersey Institute of Technology also known as (NJIT). He noticed she had a cool pro life sticker on her notebook and thus the start of a long friendship began.

Rebecca likes to joke around that they both have chemistry because they met in a physics lab class, haha, but it's great to know she is married to her best friend.

Michael works for two architects in Woodbridge NJ and enjoys drafting floor plans, measuring existing buildings and working on construction sets. In his spare time he like to run.

Rebecca graduated with a B.A. in Interior Design and a business minor. Now working as a Property Manager for a large management firm, she is currently seeking new opportunities in the Home Staging and real estate photography area.

Married on,10/07/17, Feast of the Holy Rosary and Rebecca's grandmom's birthday.
